Street love  
Uh, watch me work it  
Turn it up  
Cherish is back and got Big Reese on the track?  
(Hey)

I'm a shoe fanatic  
(Hey)  
I just gotta have it  
(Hey)  
You know what I mean  
(Hey)  
When I step up on the scene  
(Hey)

Walk up in the club and I hit the floor  
You know I'ma do what I do  
You can push upon me  
You can grind it slowly  
Just don't step on my shoes  
(I'm a shoe fanatic)

Hey ladies  
Really want you to feel me on this  
Got a problem and I really wanna solve it  
Must admit that I got a fetish  
And it's hard to shake  
(Fetish and it's hard to shake)

Can't help it  
When it comes to shoes, I got a habit  
See designer shoes, I'm gonna grab it  
Just for tonight  
I bet these will match my stunna shades  
(These will match my stunna shades)

Just as long as the bass is right  
And I know that my jeans is tight  
Long as my shoes are matching right  
I really think that I, I could dance all night

I'm a shoe fanatic

(Hey)  
I just gotta have it  
(Hey)  
You know what I mean  
(Hey)  
When I step up on the scene  
(Hey)

Walk up in the club and I hit the floor  
You know I'ma do what I do  
You can push up on me  
You can grind it slowly  
Just don't step on my shoes  
(I'm a shoe fanatic)

See you're up in the club looking flawless  
In your custom made Ed Hardy's  
Lookin' like you came to party, to party

The boys is rockin' them J's right  
But I see you brought out the bass tonight  
(But you lookin' good)  
Matching shoes compliments the ice  
(On your wrist)  
You're looking kinda fly  
You can dance in them all night

And I'ma strut like Tyra in my Dolce's  
(Oh oh)  
Looking like a model in my Louis  
(Oh oh)  
And my Manolo's wanna take control

Hit the runway like Naomi  
Working out your BCBG's  
Yeah I know they look good on me  
Grab some BP's for Kimora Lee
