Close the blinds
Turn down the sun
Better run and hide
Here they all come
With the hate in their eyes,
And lies on their tongue
So we stand and fight an army of one
Everybody wants to rule the world it seems
If they fire first you know what this means?
[CHORUS]
This is war
They don't really care about us
Done playing by the rules,
Got nothing left to lose,
This is war
All is fair, we don't care
All is fair, we don't care
Skies are grey,
Fight through the rain
We've been hurt so long
We can't feel the pain
Breaking down the walls,
With our bare hands
Every stone you threw at us
Becomes ammunition
For us
No more turning back show them what were made of
Yeah
So we fire first ask questions later
This is war
They don't really care about us
No they don't
Done playing by the rules,
Got nothing left to lose,
This is war
All is fair, we don't care
All is fair, we don't care (we don't care)
Too much at stake to be afraid,
Put on your armour let us pray
We'll live to fight another day
This is war
They don't really care about us (they don't care)

Done playing by the rules,
Got nothing left to lose, (got nothing left to lose, no)
This is war (this is war)
All is fair, we donâ€™t care
All is fair, we donâ€™t care
All is fair, we donâ€™t care
All is fair, we donâ€™t care
