Mister center of attention  
That's his name  
Girls line up when they see him  
Boys have to give him space  
I don't know where he's going  
But I know he always dance  
In the middle of the floor  
With one hand up in the air

It's kinda hot  
So what  
Give me space  
Back off  
Follow me  
Anyone  
Start it up up up up up

So if you see me out there  
Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh

Mister DJ is my friend  
He knows just what to play  
To get inside my head  
This beat could make you go insane

I've been known to loose my coolest people  
On the table tops  
I've got one hand in the air  
Screaming please don't stop

It's getting hot  
So what  
Find a space  
Lets rock  
Let me see  
What you got  
Lets kick this off off off off off

So if you see me out there

Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh

So if you see me out there  
Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh

ohh oh oh ohh oh oh ohh oh oh oh oh oh oh oh oh  
oh

So if you see me out there  
Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh

So if you see me out there  
Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh

So if you see me out there  
Dancing by myself  
Just let it go  
Just let me go, oh  
Baby I just need that beat and nothing else  
Just let it go  
Just let me go oh oh oh
