(Down now Down Down now Down now)

Five days at work, two whole days of party
Waitin' for the weekend so I can move my body
I've been working working day and night and now it's
time
Set this place on fire tell the DJ take it higher

Let's get down, get down, get down, get down, get
down, get down, get down, get down, get down,
Get down, get down, get down, get down, get down,
get down, get down, get down

All my ladies, all my girls, all my honeys, all my birds,
all my bitches, all my ladies
If you married, if you single, if you taken no matter of
your status
If a guy gonna try, got the I gotta let him know he's
crazy
Cus I'm chilling with the ladies
We gotta do it
Me and my girls will kill like sex in the city
With the heels and a clutch and we all dressed up look
like I'm pretty
And a guys will get denied ain't that a pity, ain't that a
pity

Five days at work, two whole days of party
