(Verse)

Symtoms of being spaced

Feeling cold

Feeling lonely

On your own

I can feel this fear

Getting stronger

It's taking over

I'm losing control

(Chorus)

And if you are not religious

Then how will you ever believe

And if I don't know procedures

Then how am I meant to proceed

To make your heart

To make your heart

To make your heart

To make your heart

(Refrain)

I've tried best to operate on you

Tryin' to let my mechanics of the heart

(Verse)

Broken hearted

Torn apart

What was left on the floor

Has been smashed to pieces

First you hear it

Then she deserted

But I'm trying to save it

Before your heart ceases

(Chorus)

And if you are not religious

Then how will you ever believe

And if I don't know procedures

Then how am I meant to proceed

To make your heart

To make your heart

To make your heart

To make your heart

(Refrain x4)

I've tried my best to operate on you

Tryin' to let my mechanics of the heart

I've tried my best to operate on you
Tryin' to let my mechanics of the heart
I've tried my best to operate on you-u-u
Tryin' to let my mechanics of the heart
I've tried my best to operate on you-u-u
Tryin' to let my mechanics of the heart
(Outro)
To make your heart
To make your heart
To make your heart
To make your heart
