Baby don't hang up
Let me talk
I can't let it end this way
Girl my love for you is true
Baby let's make up
Can't you see
How much you mean to me
Oh girl what you gonna do

Baby I'm just calling you
To say what's on your mind
We need to talk about
What went down last night
Your friends been sayin' things
Tryin' to tell you what to do
They're in our business girl
You know it just ain't cool

'Cause what goes on with us baby
You know it's between me and you
I want you to know
How I feel for you baby
All I'm askin' you is please

Baby don't hang up
Let me talk
I can't let it end this way
Girl my love for you is true
Baby let's make up
Can't you see
How much you mean to me
Oh girl what you gonna do

If you only knew what they're doin'
They're pulling us apart
Onlu know that you're my heart
What about the nights we shared
Told you just how much I cared
Baby whay can't you see

'Cause what goes on with us baby
You know it's between me and you

I want you to know
How I feel for you baby
All I'm askin' you is please

Baby don't hang up
Let me talk
I can't let it end this way
Girl my love for you is true
Baby let's make up
Can't you see
How much you mean to me
Oh girl what you gonna do

Oh baby they're tryin' to pull us apart
Deep down in my heart
Baby please

Baby don't hang up
Let me talk
I can't let it end this way
Girl my love for you is true
Baby let's make up
Can't you see
How much you mean to me
Oh girl what you gonna do
