I'm not a player in your game
Tell me
What chu gon' do with me
It takes more than fancy words
To show me
Everything that I've heard

(Verse 1)

Check you all up in my face
You tryin' to show me my place
Talkin' telling everything
Instead of trying to stretch your point to me
To get to where you need to be
'cause you'll say about anything
My heart lies in reality
And let me tell you one more thing

(Chorus)

I'm not a player in your game
Tell me
What you gon' do with me
It takes more than fancy words
To show me
Everything that I've heard
If you take your time to play it right
Maybe
We can get it on tonight
I mean what I say
But you know you gotta come correct
Get in check

(Verse 2)

Now why you, hanging over me
What do you want something to see
Kick it smoothly 'cause you know if you wanna
(Get down, hang around, chill your way out)
Feel me, this can be tonight
If you just play it right

I don't care what kind of car you drive
I'm gonna tell you one more time....

(Chorus x2)

(Bridge)

Tell me do you really, really
Do you really want to spend a little time with me
But admit it come on give me what you really, feelin'
I gotta know
(I gotta know)
(Gotta know)
And maybe if I'm really, really
Really hearing everything that you be saying to me
But well dig it we can have a little fun, but ya
Gotta bring it on
(No I'm not a player)

I'm not a player in your game
Tell me

It takes more than fancy words
To show me

If you take your time to play it right
Maybe

I mean what I say
But chu know you gotta come correct
Get in check

(Chorus)

I'm not a player
In your game

(Tell me)

You know that I'm not a player

(Show me)

Ooooooh
If take your time to play it right

(Maybe)

We can get it on tonight
(I mean what I say)
(But you gotta come correct get in check)

(Chorus; until it song fades)
