Tell me why you trippin' baby I ain't slippin'
My love for you is strong and true
Can't no one take you away from me baby
Your boys say I'm playin' telling you I'm gamin'
Don't let them tear our love apart
I've been down for you from the very start

It's all about you
It's all about the things you do, it's all about you baby
It's all about me and you
It's all about you
It's all about the things you do, it's all about you baby
It's all about me and you

I don't want no one else you know it's all about you
The way you touch, the way you kiss
Don't never go away, don't never go away from me
You know boy that I'll never leave you side
'Cause baby I need you now, I want you now
I've gotta have you 'cause it's all about you

It's all about you
It's all about the things you do, it's all about you baby
It's all about me and you
It's all about you
It's all about the things you do, it's all about you baby
It's all about me and you

Bridge-
Stay, stay in my life I need you here with me
Don't take what's mine you and I were meant to be
So stay with me (stay with me)
You know you are my melody (melody)
That's why I sing, it's for you and me
So baby don't leave 'cause it's all about you baby

It's all about you
It's all about the things you do, it's all about you baby
It's all about me and you
It's all about you
It's all about the things you do, it's all about you baby

It's all about me and you
