I see you (see me)
and it hits me hard indeed
You're standing (so close)
oh but yet so far (from me)
I try to (speak up)
oh but, no words to say
I'm fearing (you'll leave)
and you'll get away

[chorus repeat 2x]
(so baby tell me, tell me, tell me, why I)
Why I don't try (when I)
when I know that you're so fine
(but I) have a hard time

You make me (make me)
feel like no one can
like a man your body (so sweet)
could be my best friend
oh damn not that it's (it's the)
the only thing I need (or want)
but really (you cant)
girl you can't blame me
so don't

(so baby tell me, tell me, tell me, why I)
Why I don't try (when I)
when I know that you're so fine
(but I) have a hard time

[Over Chorus] - Why baby...
when your so fine... Tell Me Tell Me...
You Need a little bit of love in your life...

(I know you want to be with me)
girl I want you bad
so desperately baby
(I am trying hard to wait for you)
till I find out why
don't you leave my eye sight

[Chorus fade out..]
