If you're gonna go, if that's how it's gonna be
All this talk just seems like empty words to me
Future plans, closest friends
Baby I don't know, maybe you should just go.

Chorus:

And as soon as words are all I need
As soon as intentions will get me by
We can talk about the future where you see this better
life
But right now through all you say
I'm still watching you walk away
I can't see into someday
Through this sad goodbye.

What have we been all of these years
I'm still wond'ring as it fades and disappears
How can you tell me
We will be
Ever close and true
While I'm losing you?

Chorus:

And as soon as words are all I need
As soon as intentions will get me by
We can talk about the future where you see this better
life
But right now through all you say
I'm still watching you walk away
I can't see into someday
Through this sad goodbye.

This sad goodbye
Lonesome house, broken hearted me
Sad goodbye
I hear your voice speak of meant to be
Sad goodbye.

Chorus:

And as soon as words are all I need
As soon as intentions will get me by

We can talk about the future where you see this better
life
But right now through all you say
I'm still watching you walk away
I can't see into someday
Through this sad goodbye...
