(Cheryl Wheeler)  
Album: "No Previous Record"

Last night you had me so scared  
I'd never seen the likes of it before I met you  
You caught me so unaware  
Tellin me how you would hurt me if I slipped and let  
you.

I said be kind, you said no  
You said love me you said go  
Tell me please I've got to know  
Have you got a gentle bone in your body lady?

Do you think because you once were hurt  
You got a reason to be cryin more than all the rest?  
Well you can join the club and get to work  
You better turn yourself to tryin just to do your best  
now.

If you wanna go down, go on your own  
If you wanna drink poison stay at home  
If you only love pain leave me alone  
Have you thought about the future in a bottle lately?

When you broke my mirror did you think  
You had a ticket to another 7 years of drink?  
Oh I felt my faith and comfort sink  
When I met the crazy eyes that you had turned to face  
me...
