(Cheryl Wheeler)

Oh the doctor's time is precious time
So you'll just have to wait
The doctor wants you here by six
And won't see you 'til eight.

So sit right down, fill this out
You can read a magazine
'till we take you to another room
Where we'd like you naked please.

Then we'll hurt you some
Depress your tongue
Strain your cash, strain your blood
Utterly smash your breast.

So we'll poke and prod and sigh and nod
And we won't know what you've got
But the doctor's time is precious time
And your time don't mean squat...
