Never been so glad to see the summer roll by
Never felt so good to feel that coldness touch the sky
These hot and hazy, these long summer days
My mind goes lazy and my heart just never plays
Never been so glad to see the summer roll by, roll by.

First of September, thought it never would be
It's so fine to remember how it feels, what it does to me
Stars in a clear sky, let the season proceed
It's all I need, it's all I need.

Feel it in the sky, feel that autumn sweepin' in
Yes and here am I, able to find my heart again
Cold winter nights, come keep me in line
Pull out my soul and leave this summer life behind
Feel it in the sky, feel that autumn sweepin' in, sweepin'
in.

Never been so glad to see the summer roll by
Never felt so good to feel that coldness touch the sky
Never been so glad to see the summer roll by, roll by
Bye bye...
