While the world is sleeping
I can hear the night sleep quite
I can feel the beating of the night...

I can see some thieves
They are stealing my guitar
They can't play
The player is my heart...

Don't look in the mirror
Hold the line...
Have to win
Don't fool away your time...

Just remember all the other days...
Now come back
But please don't lose your ways...

While the world is dreaming
I can hear the sound of town
But this night I'm falling to the ground...

In the midnight hours
I have killed all my hopes
Just my crimes been written on the walls...

Don't look in the mirror
Hold the line...
Have to win
Don't fool away your time...

Just remember all the other days...
Now come back
But please don't lose your ways...
