Things are getting harder
For me and my step partner
So keep this thing we got
On the low unless we stop

They're trying to be in our business
But still they haven't witnessed
The type of love we share
'Cause we won't show it while they're there

Let's keep this thing between me and you
They don't have to know
What you and I decide to do

Keep it on the low and
Every night you come on through
No one seems to have a clue
About the things that we do

As far as they know
You and I we just be always hanging out so frequently
As far as they know
You my play bro' and being good friends is all that they
think of

As far as they know
Me and you we just fool, they don't even know that you
really are my boo
As far as they know
As far as they know, you and I we just real tight, aight

Me and my step partner
Have kept it on the down low so far
So many times I've slipped up
Almost let my girls know what's up

So I gotta make sure no one else around
So we can get down when you come around
Don't want them around our way
Keep this thing between you and me

Let's keep this thing between me and you

They don't have to know
What you and I decide to do

Keep it on the low, and
Every night you come on through
No one seems to have a clue
About the things that we do

As far as they know
You and I we just be always hanging out so frequently
As far as they know
You my play bro and being good friends is all that they
know

As far as they know
Me and you we just fool, they don't even know that you
really are my boo
As far as they know
As far as they know, you and I we just real tight, aight

We have a secret love affair
And no one even knows
That the feeling's there
Makes it so exciting

That it's our thing
And no one can hate or take
What we got away, ohh, yeah, ohh

Ooh, ooh, duta, duta, duta, duta, ooh, ooh
Ooh, ooh, duta, duta, duta, duta, ooh, ooh

As far as they know
You and I we just be always hanging out so frequently
As far as they know
You my play bro and being good friends is all that they
know

As far as they know
Me and you we just fool, they don't even know that you
really are my boo
As far as they know
As far as they know, you and I we just real tight, aight

As far as they know
You and I we just be always hanging out so frequently
As far as they know
You my play bro and being good friends is all that they
know

As far as they know

Me and you we just fool, they don't even know that you
really are my boo
As far as they know
As far as they know, you and I we just real tight, aight

As far as they know
You and I we just be always hanging out so frequently
As far as they know
You my play bro and being good friends is all that they
know

As far as they know
Me and you we just fool, they don't even know that you
really are my boo
As far as they know
As far as they know, you and I we just real tight, aight

As far as they know
You and I we just be always hanging out so frequently
