Before Dark
"Come Correct"

I'm not a player in your game
Tell me whatcha gonna do with me
It takes more than fancy words
To show me everything that I heard

Check you all up in my face
You tryna to show me my place
Talkin' tellin' everything
Stead tryna to stretch points with me

To get to where you need to be
'Cause you'll say about anything
My heart lies in reality
And let me tell you one more thing

I'm not a player in your game
Tell me what your gonna do with me
It takes more than fancy words
To show me everything that I heard

If you take your time and play it right
Maybe we can get it on tonight
I mean what I say but you know
You gotta come correct, get in check

Now why you hangin' over me
Well, do you want something to see
Kick it smoothly 'cause you know
If you wanna get down hang around
Chill with me, feel me

This could be the night
If you just play it right
I don't care what kinda car you drive
I'm gonna tell you one more time

I'm not a player in your game
Tell me what your gonna do with me
It takes more than fancy words
To show me everything that I heard

If you take your time and play it right

Maybe we can get it on tonight
I mean what I say but you know
You gotta come correct, get in check

I'm not a player in your game
Tell me what your gonna do with me
It takes more than fancy words
To show me everything that I heard

If you take your time and play it right
Maybe we can get it on tonight
I mean what I say but you know
You gotta come correct, get in check

Tell me do you really, really
Do you really wanna spend a little time with me
But I mean it, come on give me whatcha really feelin'
I gotta know
(I gotta know, gotta know)

Maybe if I'm really, really
Really hearin' everything you be sayin' to me
Well, I'm think maybe we can have a little fun
But you gotta bring it on

I'm not a player in your game
Tell me it takes more than fancy words to show me
If you take your time and do it right maybe
I mean that I say but you gotta come correct, get it
check

I'm not a player in your game
Tell me what your gonna do with me
It takes more than fancy words
To show me everything that I heard

If you take your time and play it right
Maybe we can get it on tonight
I mean what I say but you know
You gotta come correct, get in check

I'm not a player in your game
Tell me he knows I'm not a player
Show me if you take your time and play it right
Maybe we can get it on tonight
I mean what I say but you gotta come correct, get in
check

I'm not a player in your game
Tell me what your gonna do with me
It takes more than fancy words

To show me everything that I heard

If you take your time and play it right
Maybe we can get it on tonight
I mean what I say but you know
You gotta come correct, get in check
