All I do is think about you and me
Talking on the phone till the quarter to 3
Walking in the park on a Saturday
Catch the bus back
'Cause we walked too far away

All I do is think about the way you kiss
When I'm all alone, it's you that I miss
That's when I realize
That I'm caught up in a daydream, daydream

Early morning, baby
Got you on my mind like crazy
Feeling good but I couldn't sleep
And the night before I couldn't even eat
I can't compete

With the spell you put on me
All my thoughts are running wild
But it's like that when you fall in love

All I do is think about you and me
Talking on the phone till the quarter to 3
Walking in the park on a Saturday
Catch the bus back
'Cause we walked too far away

All I do is think about the way you kiss
When I'm all alone, it's you that I miss
That's when I realize
That I'm caught up in a daydream, daydream

I can't stop thinking of you
Tell me what's a girl to do, yeah
You on my mind, not all the time
It's really true that love is blind

'Cause I can't see nothing
But you lovin' me
Daydream, daydreamin'
Daydreamin', daydreamin'

All I do is think about you and me
Talking on the phone till the quarter to 3
Walking in the park on a Saturday
Catch the bus back
'Cause we walked too far away

All I do is think about the way you kiss
When I'm all alone, it's you that I miss
That's when I realize
That I'm caught up in a daydream, daydream

All I do is think about you and me
Talking on the phone till the quarter to 3
Walking in the park on a Saturday
Catch the bus back
'Cause we walked too far away

All I do is think about the way you kiss
When I'm all alone, it's you that I miss
That's when I realize
That I'm caught up in a daydream, daydream

All I do is think about you and me
Talking on the phone till the quarter to 3
Walking in the park on a Saturday
Catch the bus back
'Cause we walked too far away

All I do is think about the way you kiss
When I'm all alone, it's you that I miss
That's when I realize
That I'm caught up in a daydream, daydream

You and me
Saturday, catch the bus back far away
The way you kiss
When I'm all alone it's you that I miss
