Hey, yo, Shek, Kandi, they ain't ready for us, let's go

I was hanging out with my girls fly as can be, all eyes
were on me

As I looked through the crowd, couldn't believe what I
seen

I saw you doing K I S S I N G

How could you go and do this to me?

You wanna bone this girl for the whole world to see

How could you go and do this to me?

You said you'd cherish me but you embarrass me

I really wanna blast on you, I just want to break it down
real fast for you

I should jump into my car and just crash on you

How could you do this to me?

I'm lovin' you but you doggin' me

As you got it on with her I felt something in me

To go and try and start a scene

As I got up in your face, couldn't even speak

Can't believe just how you tried to play on me

How could you go and do this to me?

You wanna bone this girl for the whole world to see,
yeah

How could you go and do this to me?

You said you'd cherish me but you embarrass me

I really want to blast on you, I just want to break it down
real fast for you

I should jump into my car and just crash on you

How could you do this to me?

I'm lovin' you but you doggin' me

Ohh, no, you can't imagine how I felt

Just to know that you were kissing someone else

And everyone can see that you were doggin' me, ohh,
ohh

I really want to blast on you, I just want to break it down
real fast for you
I should jump into my car and just crash on you
How could you do this to me?
I'm lovin' you but you doggin' me

I really want to blast on you, I just want to break it down
real fast for you
I should jump into my car and just crash on you
How could you do this to me?
I'm lovin' you but you doggin' me

I really want to blast on you, I just want to break it down
real fast for you
I should jump into my car and just crash on you
How could you do this to me?
I'm lovin' you but you doggin' me
