Verse1

Yes I know there are things we don't say.
And I know they are things we don't do.
But I know I can't live without you.
For some strange reason I need someone to care.
I wonder if you realize just how you make me feel.
When you say your love for me is not real.
I love you even when you are mad and your throwing
things around
I love you even when you put me down.

Pre-Chorus

Change when your sorrow falls like rain will you ever
smile again

Chorus

Just tell me you'll love me and tell me you care.
I will never leave you
I'll always be there.
I'll give all things you want
I'll give you what you need.
Just never really hurt me never make me bleed.
Love me, love me, love me, love me strong
Ah love me strong all night long.

Verse2

I'm looking out the window and I'm wondering why I'm
here if I only could
Save you with my tear.
Moonlight shines across your face as you turn your
head to say I'm sorry
That I treated you this way.
