Should we ignore?  
This was too intense  
Too awful  
Please stand still  
To seize them all  
His monetary gain equals  
His monetary mind

And even if the saints  
Gave their all  
Like lions in the face  
Of a growing crowd  
Too little too late on the day  
When all will fall

So drawing into  
One another keeps momentum  
Driving forward  
Like a torching sun

Could sleep forever  
In spite of this  
Look  
A look so scared  
Sitting here with nothing new  
To add  
And crying out  
You never seemed force  
Its just the kind of fuel  
That I need to feel reborn

And feeding off the chase  
Right before  
Is like biting into ankles  
Pulling round  
To finish one more phase  
Get the key  
When all will fall

So drawing into  
One another keeps momentum  
Driving forward

Like a torching-

Learn to  
To choose to  
Breathe  
Then stitch your arm to me  
Learn to  
To choose to  
Breathe  
Then stitch your arm to me  
Learn to  
To choose to  
Breathe  
Then stitch your arm to me

So drawing into  
One another keeps momentum  
Driving forward  
Like a torching sun  
So drawing into  
One another keeps momentum  
Driving forward  
Like a torching sun...
