Damn you're so dull  
Still need to borrow your hate  
Change what they can  
Persuade us back undercover  
Oh old, you're so over  
Who made you king of the ages  
Tending the wounds  
Thinking of adding another

But the chosen  
Never wrong  
He sat holding  
Several thoughts  
I'll take any-  
Thing that's not bolted down  
Bolted down (down, down, down)

Tricking us in  
Don't get along if they're brothers  
So phasing it out  
Correcting vision with fists  
And drawing a line  
Still give it less than a week  
Checking the wounds  
Thinking of adding another

But the chosen  
Never wrong  
He sat holding  
Several thoughts  
I'll take any-  
Thing that's not bolted down  
Bolted down

(became down)  
(became down)  
(became down)  
(became down)

The chosen  
Never wrong  
He sat holding

Several thoughts  
Iâ€™ll take any-  
Thing thatâ€™s not bolted down

He was chosen (chosen)  
Never wrong  
He sat holding (holding)  
Several thoughts  
Iâ€™ll take any- (any)  
Thing thatâ€™s not bolted down  
Bolted down

(down, down, down, down)

Bolted down (down, down, down)  
Bolted down (down, down, down)  
Bolted down (down, down, down)  
Bolted down (down, down, down)  
Bolted down (down, down, down)  
Bolted down (down, down, down)  
Bolted down
