"Comfortable Liar"

Broad, is this sea
The salt, enters the wounds
My take, on you is simple

So heal, your fear
(Heal)
To heal, your fear
(Heal)

Time, spent waiting offshore
The calm, before the storm
Mmm, my take, from you is simple

So heal, your fear
(Heal, heal)
To heal, your fear
(Heal, heal)

You're such a comfortable liar
You're such a comfortable liar
You're such a comfortable liar
You're such a comfortable liar
You're such a comfortable liar
So calm

'Cause I said wrong
You comfortable liar
You comfortable liar
You comfortable liar
You comfortable liar
Liar
