To pick up the tip doesn't mean a lot  
Fiddle inside your drugs  
If we own the night, then spread it out  
Or pack up without a clue

Well, cause by their own  
And by default  
Time to vamanos

Like your face being forced to the floor

I got a taste of the benefits  
Five foot change  
There's no better way to hash it out  
So let's set up your time to bail

Well, cause now the cracks  
Should we intervene?  
I hold this albatross

Like your face being forced to the floor  
When either way, you're way too close to it all

Pay up, never wait 'em out  
Cover me up, take it all  
Take it all

You're  
My  
Last

Take it all the way right back down

You  
clueless  
Blessed

Pay up, never take it all  
Take it all

Like your face being forced to the floor  
When either way, you're way too close to it all

Like your face being forced to the floor  
Either way, you're way too close to it all

Too close to it all
