Put on your white shirt, Put on your best Black skirt  
Were going out tonight  
Don't care about makeup  
Why would you need it anyway?  
Look at your face in the mirror and tell yourself your  
pretty everyday  
But why would it matter anyway?  
Because I'm here to stay  
Put your hair back  
Don't spend that much time on it  
I'm gonna make it wild tonight

Sit back, Lay back  
Tilt your head back  
I'll look at the stars as I look in your eyes  
Does it make you cry, that nothing lasts forever  
And I didn't, expect to be here tell three  
And I didn't expect to be here with you

Night comes, new day  
And I wish we could stay here forever  
Just you and I

Sit back, Lay back  
Tilt your head back  
I'll look at the stars as I look in your eyes  
Does it make you cry, that nothing lasts forever  
And I didn't, expect to be here tell three  
And I didn't expect to be here with you
