Happy man, happy man, that's me  
Happy man, for you all to see  
Happy man, and the world is my home  
Happy man, with a style of my own

When you see me, I'm a smilin' face  
Spreadin' all my love around the place  
All around the world I go travelin'  
When they see me come, they start to sing

I'm a happy man, happy man, that's me  
Happy man, for you all to see  
Happy man, and the world is my home  
Happy man, with a style of my own

Hanging out all night with the jet set  
And I party every little chance I get  
Don't you know life can be real nice  
And if it's good, I do it twice

I'm a happy man, happy man, that's me  
Happy man, for you all to see  
Happy man, and the world is my home  
Happy man, with a style of my own

Happy man, happy man, that's me  
Happy man, for you all to see  
Happy man, and the world is my home  
Happy man, with a style of my own

Happy man, happy man, that's me  
Happy man, for you all to see  
Happy man, and the world is my home  
Happy man, with a style of my own, I'm a happy man
