I want your love
I want your love
I want your love
I want your love

Do you feel like you ever want
To try my love and see how well it fits?
Baby, can't you see when you look at me
I can't kick this feelin' when it hits

All alone in my bed at night
I grab my pillow and squeeze it tight
I think of you and I dream of you all of the time
What am I gonna do?

I want your love
I want your love
I want your love
I want your love

I want your love
I want your love
I want your love
I want your love

Sometime, don't you feel like you
Never really had a love that's real?
Well, here I am and who's to say
A better love you won't find today

Just one chance and I will show you love
like no other, two steps above
On your ladder I'll be a peg
I want your lovin', please don't make me beg

I want your love
I want your love
I want your love
I want your love

I want your love
I want your love

I want your love
I want your love

I want your love
I need your love
I'll share my dreams and make you see
I'm really there, your love I need

I want your love
I need your love
Just like the birds need sky above
I'll share my dreams and make you see
I'm really there, your love I need

I want your love
I want your love
I want your love
I want your love

I want your love
I want your love
I want your love
I want your love
