The me decade is gone  
You can't do it alone, no  
You'll find out like the rest  
Girl it's your life  
Go on and live it to its fullest  
You said you needed a little room to grow  
Got things you want to do  
Places you want (like) to go to  
Don't hesitate, no, not for my sake (girl)

You can't do it alone, listen to me  
Everybody needs a home  
Was it worth it, tell me girl  
To lose your love just to find yourself

And even though it's late  
I still wish you would wait  
(Oh) girl let's try love again  
You never know  
I used to have the love  
That made your head spin  
You know I still feel sad  
I never treated you bad (oh) no  
If this is what you want  
Go out and get it, don't slow down  
And don't look back

Ooh baby

You can't do it alone, listen to me  
Everybody needs a home  
Was it worth it, tell me girl  
To lose your love just to find yourself
