What is the price at the end of the world  
To get to blame and reform  
The grand declaration of the final war  
Ignore the thought  
Clearly deny it's not a lie  
Gods never die  
I am eternal

These days of self betrayal  
Endless vault of failures within

Birth of a whole new black hole  
The dying earth feeds new worlds  
Superior race without a name to recognise  
We have no name we are as one  
With our blood we paint the sun

These days of self betrayal  
Endless vault of failures within

What is the price at the end of the world  
To get to blame and reform  
The grand declaration of the final war  
Ignore the thought  
Clearly deny it's not a lie  
Gods never die  
I am eternal
