[music & words: Tuomas Saukkonen/Panu Willman]

feast my eyes with grief and pain or I will lose my  
strength to go on  
loud is the sound I hear inside and through the walls  
that hide the cries

with cruel words able to paralyze  
tear in pieces the structure of your pride  
into you I bring all pain  
defenceless, senses unable to testify the damage  
done  
into you I bring all pain

calm before all hell or so I feel, today as I seem weak  
outside,  
it is my truth which you can't find and I enjoy to live a lie

you I cannot save, prevent your destruction  
unable to give protection from myself  
the antichrist in shape of angel  
guiding through the dark

stay a while to show how I can change in seconds  
proving you were wrong
