

Before The Dawn **"Pitch Black Universe"**

Visit "[Pitch Black Universe](#)" on MotoLyrics.com

I have dreamt of a universe
A pitch-black dimension
Oblivion through the absence of light

In my deepest slumber
Reveries profound
Darkness eternal around

Sun was torn asunder
Light has been undone
In starless sky with no moon to rise the tide

I have seen a parallel
A void-like dimension
Nothingness beyond compare

In that dead cold
Orbit of a black hole
I am the spark
A birth of star
I am the fire

In my deepest slumber
Reveries profound
Darkness eternal around

Sun was torn asunder
Light has been undone
In starless sky with no moon to rise the tide
