Absence of light where only hollow words left to  
describe and measure the darkness with crown made  
of bone and flesh of his own

Behold  
Can you see the fractions in me?

Searching for someone to burn my wings  
The reign of fire  
Preaching of something greater and dark  
The reign of fire

Destroy and rule  
Dominate hellborn playground of feeble fools  
And with blood  
I am god

Behold  
Can you see the fractions in me?

Searching for someone to burn my wings  
The reign of fire  
Preaching of something greater and dark  
The reign of fire
