My soul grew cold  
When the final fall came with the winter  
Now and forevermore I walk apart from the pact  
Like wolf in the frozen woodlands

In the land of thousand lakes  
Frozen waters carry my weight  
And falling snow cover the traces behind

Sun went down aeons ago  
And kaamos came with the wings unfold  
Only cold white light from the moon to guide me

I have lost the faith in god  
Abandoned belief in the morning star  
I am the ruler  
I am the might

I wear the crown of frost  
Reign from the throne of ice  
In the twilight dominion  
In the realm of north  
As a king I walk
