Verse 1:

Whatever you're going through,
Whatever is hurting you,
He's working it out for your good.

Whatever the task may be,
Stand fast and just believe
That He's working it out for your good.

Verse 2:

Whenever your spirit's of low
And your seed of faith won't grow,
He's working it out for your good.

Whenever your friends are few
And it seems you won't ever make it through,

He's working it our for your good.

Verse 3:

Your storms will surely pass
Your troubles won't always last,
He's working it out for your good.

So when you lose your way,
Remember God has the final say,
He's working it out for your good.

Ending:

He's working it out for your good.
