Kaltes - klares

Kaltes - klares

Kaltes - klares

Kaltes -

Kaltes, klares wasser

Kaltes - kaltes

Kaltes - hmmm

Kaltes/wasser

Kaltes/wasser

Kaltes/wasser

Kaltes, klares wasser

Kaltes

Kalt und klar

Kaltes, klares wasser

Kaltes - kaltes

?ber meine k?rper

Dig my fingernails

Into the armpit of america

Let down your hair

Hang on for the ride

Concorde take-off

Plastered to the back of my seat

Pink finger nail polish

On your right breast

Eating your pussy

And all around us

Saturated

In

Kaltes, klares wasser

All over ninety-nine tilt

Intentions

Strong legs standing on my board

Golden shower all over my face

Big water

At least a little

My water

Entrails pussy floor

Silicon, silicon
Silicon suction
The unwanted curves
Exposed by
Kaltes, klares wasser

Kaltes/?ber meine k?rper/kaltes
Kaltes - kaltes/hmmm
Klares/kaltes - kaltes - klares/klares
Kaltes, klares wasser

Arrested and released
My body
Bleeding all over your best rod
By the fire
My body is burning
And you pour
Kaltes, klares wasser
All over me

Chill me out
Call me down
No feeling no control
My body is a weapon
Waiting at your door
Hold me under
Don't let go

Kaltes, klares wasser
