Put on your red dress baby
Because we're going out tonight
I said put on your red dress baby
Because we're going out tonight
You better wear some boxing gloves
Because the fool might pull a fight
The fool might pull a fight

I bought me a brand new razor
And it's as sharp as it can be
I bought me a brand new razor
And it's as sharp as it can be
You gonna have some trouble man
If you fool with my babe and me
If you fool with my babe and me
Watch out

We have a lot of fun
When we go out at night
I said we have a lot of fun
When we go out at night
And when we make it home
Everything is still all right
Everything is still all right
Oh yeah, hey baby

Hey baby
