You a fine little girl and I would love to keep you
There ain't nothing in this world little girl that I wouldn't
do
Well I make you moan and I make you scream and
shout
I be the best you ever had little girl and that's no doubt

Your so fine oh you blowin' my mind
You blowin' my mind

Baby when you walk you know you shake like a jello
We shoulda be together a long time ago
A girl like you only come once in a lifetime
Ooo I swear little girl I gonna make you mine

You so fine oh you blowin' my mind
You blowin' my mind
Whoa

You so fine oh you blowin' my mind
You blowin' my mind

A girl like you only come once in a lifetime
Ooo I swear little girl I gonna make you mine

You so fine oh you blowin' my mind
You blowin' my mind
You so fine little girl you blowin' my mind
You blowin' my mind
You so fine little girl yeah you know you blowin' my
