Riot and remember
To take all that you can
As you shake to the floor
I'd give all to break your fall

To the angels up there, I don't care
And if I can prevent you from being here
I could say just let us live long
The innocent keep movin' on
As a second's so long, it lets a heart beat on

The guilty, the divide that unites
Your last salute in site
So what evils make us so afraid
It's impossible to handle it
Tear the pages from this ending

And the pendulum swings again
Off the end of gravity

[Incomprehensible]
You black out and you fall
[Incomprehensible]
The day has gone too far
He's on his way
He's on his way
He's on his way
