I catch the most beautiful butterfly in the world  
I keep it safe in the palm of my hand  
To protect it from the rain  
Keep spreading your wings  
And follow the wind  
It carries you along  
You're drifting away  
Without any plan  
Wingbeats will bring you far  
I catch the most beautiful butterfly in the world  
I keep it safe in the palm of my hand

To protect it from the rain  
I'm happy you stayed  
With me for so long  
But now you have to go  
I dream of the day  
When you will return  
To the flowers in my hand  
I catch the most beautiful butterfly in the world  
I keep it safe in the palm of my hand  
To protect it from the rain
