Unfolding the universe  
Is a blessing not a curse  
Now it's time to release the flow  
Be creative and see wonders grow  
In a fountain of infinity  
You will seek your destiny  
Born to the freedom of choice  
You may drown in the background noise  
This is my time  
This is my life  
This is my dreams come true and I come alive  
The frequency of life is neat

If you listen to the beat  
But when you tweak it up too fast  
You will be deaf and you will never last  
Exploring your inner soul  
Is a purpose not a goal  
Now if you slow down and take a chance  
You will learn yourself a better dance  
This is my time  
This is my life  
This is my dreams come true and I come alive
