The world is burning  
The world is turning  
The world is twisting in agony  
Our sun is shining  
So warm like blood  
We're just waiting for  
The killing flood  
Suddenly bursting out  
In an aura of light  
The sun explodes  
And we're all gone  
Nothing more to say  
We're all gone

Nothing more to do  
We've lost our sun  
The lifeless remains  
To be used again  
Somewhere else  
In the unthinkable infinity  
Of universe  
Just a trivial event  
Nothing more to say  
We're all gone  
Nothing more to do  
We've lost our sun
