

## Children Within "Supernova"

Visit "[Supernova](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Transforming to light  
On a journey to the end  
I will go on a flight  
Untouched by space and time  
Transforming to light  
Will untie all your bonds  
You've got freedom in sight  
And fate will save your back  
It's the last supernova  
Plasma party  
Trashing everything we will dissolve  
Into the light having no fright  
Transforming to light  
On a journey to the end  
I will go on a flight

Untouched by space and time  
Transforming to light  
On a journey to the end  
I will go on a flight  
Untouched by space and time  
The solution is slow you're moving too fast  
You better slow down  
There's a meaning in me there's a meaning in you  
You better slow down  
It's the last supernova  
Plasma party  
Trashing everything we will dissolve  
Into the light having no fright
