[Verse 1: Chill Daddy]

It's chill the don daddy, on this track
ridin in my benzo n' smoking crack
rollin' down the freeway from LA to Fresno
Oh shit, turn around, forgot my cash bro
you see the nigga there he tries to flash yo
but he ain't nothing cause I got the smash flow
oh fuck cops hide the hasch n' lay low
one more fine? shit I can't pay no more
but I'm a pimp n ridin in da ghetto
twentyfive grand in cash n that's netto
when I came back I said fuck New York
there's one thang and that's Cali nothin more

[Chorus]

Cali, California
Smoke grass in an alley
chillin in a valley
fuck the east when we cruisin in cali

Cali, California
Smoke grass in an alley
chillin in a valley
fuck the world when we cruisin in cali

[Verse 2: Classick]

Bangin' on sluts infront of a bad cop
keepin a low pro to the pen where i stop
rest my game as i ride to my enviroment
only roll with silent men over my hinie can
smoking surk while passing some jerks

old school vibes yeah im ready to do work
cali sunshine stressing work with hustle
stretching my muscle, ain't looking for trubble
i always come by without further delay
don't fuck with a weedj cause we hit the freeway
cruisin on thugs, our tempour is dangerous
who da fuck is temper us, classick n daddy dough

[Chorus]
Cali, California
Smoke grass in an alley
chillin in a valley
fuck the east when we cruisin in cali

Cali, California
Smoke grass in an alley
chillin in a valley
fuck the world when we cruisin in cali

[Verse 3: Chill Daddy]
Imma show ya bitches who da fuck I am
just chillin with a gram, got damn!
I'm so high when I'm ridin' my ride
my SL-55, is supa fly!

[Chorus]
Cali, California
Smoke grass in an alley
chillin in a valley
fuck the east when we cruisin in cali

Cali, California
Smoke grass in an alley
chillin in a valley
fuck the world when we cruisin in cali (x2)
