My rhymes as I kick them (?) em to the beat I'm advancin, people dancin in the street To my drum, more wise words from the Chill one You felt the effect in the past and you're still numb Leavin you bugs in the dust is a must for me Silly you clowns got around and discuss the G Wonderin which move I might make next I'm stackin my rhymes so I climb to the apex Why should I wait for a date with destiny? I'll pick the time, the place that's best for me Don't bother tryin to block or hold me back Advancement is my mind's only track I'm an aristocrat, a ghetto diplomat And I'm blessed with a gift for rap So I'm shootin my mouth off cause suckers are shootable Flauntin my flesh cause I'm black and it's beautiful Many have fallen from bein too careless It pays to raise your cultural awareness Know who you are, where you're goin and where you came from Breakin your neck for respect, man, that's plain dumb Respect is somethin you gain by bein yourself Otherwise we're respectin somebody else The person you wanna be, not who you really are Yo, can you follow me, or did I just go too far? I don't wanna confuse y'all, so just get on board And walk this way, cause I'm movin forward Advancin, swift is how I move Before I grip the mic I calm my mood Let me activate, I'm an activist You wanna rap? Develop an knack for this Learn to use your head, got to be more careful Be doin nothin stupid cause somebody dared you I'm an ear full, an eye full and a rival Givin you back what you lack for survival Into rappin, it just so happens that I'm a blackman Rob is chill, got skill and I pack jams Rhymes I wrote I devote to promote pride People can quote what I spoke cause I don't lie My records do not slip, skip and they won't slide This jam was made by the King and I

Mark's remarkable, bass shakes the floor board The whole place vibrates while I'm movin forward Out of my way, you seen my comin Drop from the sky and I hit the ground runnin No confusion or complication The name is still Chill Rob and this groove is Motivation
