Uh...Uh...Uh..He's here...He's Here...He's Here  
He..is..here..is he..really?

[Chorus]

Don't be scurred now  
Got it made now  
Come to lay it down  
He..is..here

Don't be scurred now  
Got it made now  
Just pray to God I don't get you

[Verse 1 - Chingy]

Back slap that ass  
Clap that ass  
Dropping body bags  
Glocks and mags  
Four blocks you fast  
Talk your trash (Drop you fast)  
Never jock a cat  
I will blast  
Shot is stacked  
Rock your hair  
Watch my mirror  
Stocking caps so I watch my style  
Cock and grab  
Open up shop and draft  
Quarter bags all of that  
Water lasts shorter halves  
Have ya comin back cause I'm fourth of stash  
Extort the hash  
Extort the wrath  
Cope the past  
Brought my mags  
Sort my cash on the docks  
Flock a hop  
Keep it in a proper spot  
Adopt a cop

Rob a spot  
A lot of ice a cop or not  
Drop a pot  
Slide a lot  
Jackpot a lot  
Already got a lot of wine, but not in my ride, I'll stop

[Chorus - 2X]

We..are..dangerous  
He'll mangle us  
Who playing with us?  
And saying this stuff?  
And fuck with gangs and stuff?  
I aim to bust  
You straight up tough  
No thanks to us  
We're famous, duh  
A game I love  
To train my sluts  
To give brains and cuss  
Learn pain and plus  
Get tricks to claim the bust  
Think they nuts  
Slurp them up  
Hook or work them up  
Wake them up, break them up  
Taking crust shake them up  
Make it stuck in your twat  
Hit the streets, bend the blocks  
Sin or not, hit the daily spot  
Gin or scotch, top notch  
On my roster  
Mobster eating pasta  
Chop her in the closer, crack her like a lobster  
Have my ho to rob you  
Then dodge you  
Any ho need work? I got a job for you  
Go see the supplier  
Make like you a buyer  
Then buy slut, trick these fake playas  
Often what they say, you'll buy em up messiah  
Wait and bring it back to my empire  
Chingy keep these heffers on the strip and on fire  
Try her

[Chorus - 4X]
