What you say when you drunk in the club? Hood up
And you deep in the club, let me know, hood up
Show me where you from if your city's number one
Hood up, hood up, hood up, hoop up

Hood up, let's go, hood up, let's go
Hood up, let's go, hood up, let's go
Hood up, let's go, hood up, let's go
Hood up, let's go, hood up, let's go

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

Ain't no secret, I'm doin' it, baby
If I like what I see, I'm pursuin' it maybe
But a nasty attitude, that could ruin it, lady
If it's all gravy, hop in and let's ride

And we can cruise a lil' bit
Whyle out and act like fools a lil' bit
My whip ain't old, girl, this that new shit
2006, ya hear, make a face now, let's ride

What you gigglin' for?
Twist that thing and wiggle it more
A couple big faces, what you jiggle it for?
Now close my door, hoe and

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot

Let's ride, girl, I got it locked
Shut the club down when I hit the spot

I know you like it firm on the floor, don't ya?
Strip tease, yeah, I know you will, won't ya?
Other chicks mad 'cuz Chingy flaunt ya
And ya know I'm on ya, if ya ready then let's ride

What is rules to this
Heard in the club if they move to this
Get ya party on and groove to this
Hey, this that shit, come on, girl, let's ride

Ya friends can come too
Tell 'em 'bout a player that rep the Lou
Yeah, I be here, yup, that's my crew
Now what y'all wanna do? Hood up

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

Err'body come and ride with me
Grab a glass, pull some drink and blaze up them trees

Work your body, twist your body
Work your body, twist your body
Work, ma, stickshift, work, ma, stickshift
Work, ma, stickshift, work, ma, stickshift

Work your body, twist your body
Work your body, twist your body
Work, ma, stickshift, work, ma, stickshift
Work, ma, stickshift, work, ma

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot

C'mon, let's ride, then I drop the top
You know Ching-a-ling gon' make it hot
Let's ride, girl, I got it locked
Shut the club down when I hit the spot
C'mon, let's ride

Sit down on the ground, sit down on the ground
Sit down on the ground, sit down, get low
Sit down on the ground, sit down on the ground
Sit down on the ground, get low

Now back right up, now back right up
Now back right up, now back right up
Now back right up, do what, right up
Do what, right up, do what, right up
Do what, right up

Now back, now back
Now back, now back
