Throw yo hood up if you representin'
(Northside, Westside, Southside, Eastside)
All my fly day numbered, hustlas, baby
Throw yo hood up if you representin'
(Westside, Northside, Eastside, Southside)
All my fly day numbered, gangstas, baby
Throw yo hood up if you representin'

Gangsta as a Cadillac DeVille wit fo's
This for all my thunder cats that feel my blow
To slang weight, my young guns will steal ya O's
Catch a bellin' down Lukerson & Hunt de-real a ho

In ya top piece, suburb mart, ya not street
I know fools from Wilson that'll whack ya, ya got beef
Used to go to skate king back when bangin' was in
And if the fiends ain't have 20, we would slang it for 10

Drinkin' the gin, posted on the corners at night
Sparkin' pound while my homies in the street, slapped
right
Ride bikes, patrolin' the hood, keepin' out cops
Regals and drops, reppin' 'cuz beak in my block

Wild like rocks, my mentality got from my pops
And saints, bustin' back in '90 hope ya got from the
shots
Put it down for the town and I gang wit us
St. Louis did it dirty, throw ya hood up did ya know we
from the

(Northside, Westside, Southside, Eastside)
All my fly day numbered hustlas, baby
Throw yo hood up if you representin'
(Westside, Northside, Eastside, Southside)

All my fly day numbered playas, baby

(Eastside, Southside, Westside)

All my fly day numbered thugs, baby
Throw yo hood up if you representin'

Tity-Boi, South side, bad limp, fo' 5's on the hip
Don't know why I'm known to slip when I get high
One time but no more, won't sleep until the mornin'
Somebody need to take the trash out and Imma do the
chores

Softer than a cactus, put it on like actors
Hustled in the shadow or the bricks and they couldn't
catch us
Gat still tucked in my waist by my price time
'Cuz my chain hang so low my tongue bang wit my pipe
line

Walk around, all day wit this beam like it's night time
You can see 'em a mile away, but it'll touch ya from
blind side
Flipped it, first to finish to the car, that's a nice ride
Dig it, they spin, purchase round here they get kite high

Deal it, it's my description, my picture, my composure
plot
This is how I get through 2 D's, niggaz
My side we ride my crew's, iller, iller

Throw yo hood up if you representin'
(Northside, Westside, Southside, Eastside)
All my fly day numbered, hustlas, baby
Throw yo hood up if you representin'
(Westside, Northside, Eastside, Southside)

(Eastside, Southside, Westside)
All my fly day numbered, thugs, baby
Throw yo hood up if you representin'

Who done a bust through the vapon, yeah, I'm hopin' to
fight
Start a brawl, I'll shut that bitch down on openin' night
Let's fate, pull the bitches titties start on them dipes
'Cuz we leavin' wit some hoes and yeah, we startin' wit
dykes

Bet a thousand, shoot a thousand if you holdin' that
bank

I got the game on lock, you barely a holdin' tank
Get drunk, get to shootin' bust the whole club out
[Incomprehensible] thugs out, I'm tryin' to dumb out, 'til I
get drunk out

That's just the way I am, don't look down on me
My gun's a open bar, free rounds on me
And I'm an East side nigga so I ain't no punk
I make the crowd get it crunk and do the East side
stomp

Young Chingy let 'em know, that the deal is a fool
And I'm a carpenter's dream, I'm in love wit the tools
Lay low when the heat bust, off in the air
DTP, Cris squad and we runnin' this here, it go
