Uh

I ain't mystical, but girl, shake it fast  
(Don't stop, get it, get it)  
You think I can come over and smash?  
Do what you do  
(Don't stop, get it get it)

The club be packed, hey, send me a bottle of that  
It's hella ass, some with glitter and exotic tats  
You know my stats, Superfly, Mac  
I'm in the back getting worked by this girl named  
Cognac, matter of fact  
I want to take her home, the reefer got me in the zone  
Intentions to bone, we all alone, by ourself  
This ain't a strip club, but she act like it  
Ever seen in her, bowling pins dawg, she stacked like it

Now I'm at the bar, chicks treating me like a star  
In my face, asking questions, and can they ride in my  
car  
I'm law, so authorities can't pin me for shit  
Hey baby, see me and you, we can pack it up and split  
Let's go, forget Motel 6, we can go to the Mariott  
I see it in her eyes, man, a girl getting very hot  
I'm packing like a 357, so I keep Magnums  
Keep it real, 'cause you will never find out if you don't  
ask em  
Is we tagging?

Let me get a sample of that ass  
I ain't mystical, but girl, shake it fast

If your ass is fat and you know it, clap your hands  
Wearing those pants, I'll be damned if I'm miss my  
chance to advance  
I'm in a tan, what's the name, I own some  
whatchamacallits  
They keep spinning and spinning, hey man, what do  
you call it?  
Got a 1-5 jersey, on the go with them wheels  
Look at it wiggle wiggle, she say it's all in the heels  
You a damn lie girl, I think it's all in the skills  
And for real, I think you practicing on what pay the bills

You be confused man, I look picky as Hell  
Never trust a big butt, that smile like Ricky Bell  
What the Hell? Murphy rather pay to get out of jail  
'Cause if she tell me to pay, somebody better pay my  
bail  
Matta fact, I'm a pay myself, my own money  
Mr. Long Money, even after I loan money  
I own honey's mentals man, I'm in they mouth so much  
God damn, I pay for dental plans, man

Get it, get it girl, it's your world, I'm a squirrel  
Searching for a nut, so more than scissors, I cut  
You can be a slut, hoochie lady, or housewife  
A real man gon' want to hit it, it's hanging out, right?

Ladies don't get offended, when he tell you that you're  
thick  
And he wouldn't mind coming over, about six  
If you like the smooth, let him, you don't dig em? Don't  
sweat 'em  
You want 'em? Play like your panties and T-shirt and let  
'em wet 'em

Hey yo, my ladies come in dueces like Staley and  
Mcallister  
Came up with the 'tics, they help me not fall like  
banisters  
Sammy Sosa's got traded for Ken Griffey's  
And when we roll, the L's stay lit, like Missy  
Plus I stay busy, like kids, I call it biz  
And if it is what it is, I'm on your head like wigs  
I'm a rapping Taye Diggs, I give the women they  
groove back  
When it comes to the wood, I'm the best man to use  
that

Let me get a sample of that ass  
I ain't mystical, but girl, shake it fast
