I can be your superhero baby,
The one that's gonna save you if you're in danger,
You know who to call,
Whenever you fall,
I'll be there to catch you,
And come to your rescue.
(That's right)

It's a bird, it's a plane, no baby it's Chingy,
You know I'm right here, girl holla when you need me.
When life get's touch I can make it look easy,
We could do the stuff that you see on TV.
Superman, you my (...),
I'll be your Tarzan you could be my Jane,
I'll make the sun shine when it's tryna rain,
I can ease your stress take away the pain.
I ain't tripping up the next man,
Baby I'm a beast but I ain't tryna be your X-Man,
Number one ain't gonna be nothing (...)
No wedding but I'm everybody's best man.

Baby come and take a ride with me,
To the getaway come hide with me,
Baby, take my hand come fly with me,
Babygirl let me show you what.

I can be your superhero baby,
The one that's gonna save you if you're in danger,
You know who to call,
Whenever you fall,
I'll be there to catch you,
And come to your rescue.
Let me be superhero baby,
Let me be superhero baby,
Let me be superhero baby,
I can be yours,
I can be yours.

Boots weighing money we can hit the town,
G5 jet we can hit the clouds,
Make sure you're safe when I'm around,
If you slip, don't trip, you won't hit the ground.

Cause I won't let you,

I'll be right there babygirl I'll catch you,
No sweat don't worry or fret boo,
I'ma make sure danger never come get you.
Cause I'm not Batman,
He took your toy I could show you where it's at and,
I could do it, I could do it, no sweat yeah,
Dealing with them jokers baby I'ma be your Batman.

Baby come and take a ride with me,
To the getaway come hide with me,
Baby, take my hand come fly with me,
Babygirl let me show you what.

I can be your superhero baby,
The one that's gonna save you if you're in danger,
You know who to call,
Whenever you fall,
I'll be there to catch you,
And come to your rescue.
Let me be superhero baby,
Let me be superhero baby,
Let me be superhero baby,
I can be yours,
I can be yours.

Baby I'll come, save you save you when the trouble
comes
There's nothing I, can't do can't do when the time
comes. (x4)

I can be your superhero baby,
The one that's gonna save you if you're in danger,
You know who to call,
Whenever you fall,
I'll be there to catch you,
And come to your rescue.
Let me be superhero baby,
Let me be superhero baby,
Let me be superhero baby,
I can be yours,
I can be yours.
