I got money, money, money, shake it, shake it for me,  
I'm letting you  
She go up and down, she go up and down  
So shake it, shake it for me, money, money, money, I'm  
letting you  
Go up and down, up and down

Let's go, south, shake the south, shake it shake it like  
the south  
â€¦ shake â€¦ hard  
Money treat hustle I'm not the only thing that came  
along  
Got the party started when I call upon the patrol shots  
Say she buy sex, â€¦ the melody below hot  
â€¦ fancy chick, Louie this, Gucci that, Channel don't  
see how she think  
Yea we in the vip, throwing stacks and blowing...  
â€¦ and they're going to  
Blow a hole hip hop, hit them up like rocko â€¦  
I've been born with â€¦ I gotta get it true  
Knock your body like a statue  
Knock it â€¦ let the mother niggers catch you  
I'm back in the â€¦ all the moves I'm playing through  
New â€¦, new bitch, you can call me brand new

I got money, money, money, shake it, shake it for me,  
I'm letting you  
She go up and down, she go up and down  
So shake it, shake it for me, money, money, money, I'm  
letting you  
Go up and down, up and down

Girl stop that teasing me stop pleasing me you make  
me wanna knock that  
â€¦ got them beats that makes them girlies wanna drop  
dead

Take the download and bring it up, shorty pop that  
cause you got that  
Yeah, now they say money makes the world go round,  
Well I got money and I say they make you girl go round

I'm a holler baby you know how I go down  
And girl I got that â€¦ that make your body â€¦  
Come over here pretty girl I phone 4 hit me up when  
you're with me girl  
Call us â€¦ paper â€¦ paper high  
â€¦

I got money, money, money, shake it, shake it for me,  
I'm letting you  
She go up and down, she go up and down  
So shake it, shake it for me, money, money, money, I'm  
letting you  
Go up and down, up and down

Yeah, now they say money makes the world go round,  
Well I got money and I say they make you girl go round  
I'm a holler baby you know how I go down  
I'm a holler baby you know how I go down  
Yeah, now they say money makes the world go round,  
Well I got money and I say they make you girl go round

I got money, money, money, shake it, shake it for me,  
I'm letting you  
She go up and down, she go up and down  
So shake it, shake it for me, money, money, money, I'm  
letting you  
Go up and down, up and down, hey freaks.
