[Paris]

Again I start this, but I'll add a new twist  
so the masses can't resist  
The message brought by a Panther strictly  
to relieve the disease of the sickly  
So long your mind's been trapped  
Slave, cause you're shamed to be black  
Ignorant of the purpose of the  
plan to keep the black man down under  
So I'll address y'all this time  
Make a statement that's on my mind  
Brothers scared of revolution should be  
thinkin of the way that we could be  
Miss blue eyes, how'd you do that?  
Tried to put him in but the skin is still black  
Thinkin of a way to escape the darkness  
See the weave and indeed I start this - off!

"Black is black is black is black" - off!

"Black is black is black is black"

[Paris]

S-E-D-I-T-I-O-N

In the mood of the move I'm showin  
See the way the cliches have been torn  
Cold spittin facts to the miracle earth born  
So what's your next move, black?  
Go to school or maybe join a frat  
Still you seem lost, the mind is brainwashed  
It can't be good cause your mind's the cost  
So flip on your Young MC  
Or Jazzy Jeff or whatever the case be  
Mindless music for the masses makes ya  
think less of the one that hates ya  
Then trained to respect the game  
and you turn your back on a black with the same claim  
Oh blessed but you guess they mean less  
because another brother can't afford to dress  
the way you do but who said you're all that?  
Made a little money now your skin ain't black?  
C'mon I don't think your shit don't stink

You can't run from the one whose primal instinct  
is to fought the words I taught ya  
Thought you moved quick but I just caught ya  
Now you try to say that you don't remember me  
I'm P-Dog from the B.P. posse  
Or a mob, that's known as Scarface  
Pro-black, and some think pro-hate  
But in fact it's a call for unity  
Heed the plea of weak we're soon to be

Move, start this..  
"Black is black is black is black"  
Enter, the darkside..  
"Black is black is black is black"  
DJ..  
Yeah.. funky..  
Dance..

[Paris]  
Now who did you think that you were steppin to  
once your job came through  
Don't get big cause I caught your accent  
Shoulda been real but you wanted mass appeal  
Next time you might think of this  
Might remember why I'm above this  
But for now my brother I'll say  
Peace on the positive tip there's a new way
